2] **Declarations of interest**
There were none.

3] **Proposed New Bus Stop Pole on Main Street, Wysall**

Members of the parish council had been informed by several residents that they were concerned over the siting of a new bus stop pole on Main Street. It appeared from a letter to a resident from Nottinghamshire County Council, that the pole was to be sited outside the houses of the Old Post Office and The Cottage. This would be right outside the Old Post Office living room. The council were concerned that there had been no consultation with Nottingham County Council over the siting. A new bus route was welcomed but concerns were voiced over its viability. The council recommended the stop be put by the telephone kiosk and would ask the clerk to write to Nottinghamshire County Council to this effect.

4] **Planning application**

The meeting closed at 8.30pm.
